

VISION TM-CC Flush Projector Bracket(TM-CC)

VISION CLOSE-COUPLED PROJECTOR CEILING MOUNT - WHITE,Fits projectors 110mm from ceiling (does not have a pole)**Lifetime warranty return-to-base,2 years onsite (UK only)**

The Techmount TM-CC is a universal projector ceiling bracket designed to secure 99% of data projectors safely and sturdily to ceilings. It is designed for applications where no 'drop' is required so no pole is included.

Key Selling Points

Universal projector ceiling mount for close-to-ceiling installation
All parts included and arrives 95% assembled reducing time onsite
4 fully adjustable spider arms fit 99% of projectors

Product Features

Robust construction

High standard of finish and over-engineered for stability and safety. A rugged high-quality satin-white finish blends with ceiling tiles.

Maneuverable

The top and bottom parts can rotate 360 degrees, and the spider arms have a maximum span of 340mm.

Sloping ceilings

A tilting mechanism is built in allowing you to use the bracket with cathedral-type ceilings.

Safety approved

The TM-CC has a recommended maximum safe working load (SWL) of 10kg which is well within the limits of the product.
